

NEW ITFA MEMBERS

ITFA is pleased to welcome the following three institutions to its growing family:

[RXIL](#) is India's 1st TReDS platform established in the year 2016. The platform was launched under the milestone RBI Trade Receivables Discounting System (TReDS) initiative to facilitate the electronic exchange of MSME receivables online. Promoted by reputed institutions such as Small Industries Development Bank of India (SIDBI) and National Stock Exchange (NSE), RXIL has a legacy of empowering MSMEs and bolstering their growth.

The RXIL TReDS platform facilitates the sale of receivables at a discount in return for early payment to suppliers (MSMEs) with two broad offerings

Factoring – When sellers initiate the transaction, upload invoices, and bear the interest cost. Single Seller, Multiple Buyers

Reverse Factoring – When buyers begin the transaction and upload accepted invoices. Single Buyer, Multiple Sellers.
