

## Regional Committees

**Board Member:** Chris Hall

**Objective:** The aim of the Regional Committees umbrella is to provide centralised support alongside collaboration between regions and idea-sharing across various geographic regions. Our objective is to ensure consistency and alignment with ITFA's global agenda whilst remaining relevant to local members' needs. ITFA's Regional Committees promote the association in the area, attract new members and organise local events.

### Key achievements to date:

- Over the last few years, setting up new committees in Australia and New Zealand, Africa and the Middle East
- Ensuring high-quality seminars and networking events are held across the globe

### Highlights from 2021/22:

- Flagship post-Covid events hosted by every regional committee during 2021/22, from Miami to Sydney, and across Europe.
- Appointment of new regional heads for the Americas Regional Chapter, Middle East Regional Committee, Northern European Regional Committee and the South East Asia Regional Committee, all of whom are building on the great work undertaken to date.
