

THE VOICES FROM OUR REGIONS, April 2025

A Second Successful Networking Event in Paris!

Contributed by the ITFA SERC (Southern European Regional Committee), March 2025

Last month, on March 6, 2025, the ITFA SERC committee organized a networking event in a typical wine bar, bringing together 57 participants from 25 different institutions including banks, brokers, insurers and FinTech's.

Thanks to ITFA, this has brought together all active players in Trade and Supply Chain Finance in Paris who were happy to exchange together in a convivial environment. It was a great opportunity to welcome participants from London as well, whom for once, did not have to travel the city to meet all of their Parisian counterparts!
